

# USE IT or LOSE IT

Use your Flexible Spending Account to achieve the ultimate in vision correction before time runs out.

Your eyes deserve to see their best.

With the end of the year fast approaching, chances are you still have a few dollars left in your Flexible Spending Account (FSA). Now's the perfect time to set your sight on achieving the ultimate in vision correction with the Visian ICL. It's a simple and affordable 15-minute outpatient procedure that lets you enjoy sharper, clearer, more vivid vision with greater depth and dimension.

See our office coordinator to learn how your FSA can be used toward the Visian ICL...and how you can enjoy
